SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, Alberta, the Yukon Territory, the Northwest Territories and British Columbia, may be leased for a term of twenty years at an annual rental of \$100 per acre. More than 2,500 acres will be leased to one applicant.

Application for a lease must be made to the Agent or Sub-Agent of the district in which the land is situated.

In surveyed territory the land must be described by sections, or land subdivisions, or by location, and in unsurveyed territory the tract applied for shall be described by location.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available before the expiration of the term of the lease.

A royalty shall be paid on the marketable output of the mine at the rate of five cents per ton.

Every lease of coal mining rights which is not held by the Dominion shall be subject to the provisions of the Coal Mines Act.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$100 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of the Dominion Lands.

W. W. Cory,
Deputy Minister of the Interior.

SYNOPSIS OF CANADIAN HOME-STEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan, and Alberta, excepting 8 and 28, not covered, may be homesteaded by any person who is the head of a family or any male over 18 years of age, in the extent of one-quarter section of 160 acres or less.

Notice must be made personally at the land office for the district in which the land is situated.

In homesteaded is required to perform the conditions enumerated therein, under one of the following plans:

(1) The holder must reside upon and cultivate the land in each year of the three years.

(2) If the holder for the making, if the father is deceased of the homesteaded, resides upon the land in the vicinity of the land covered for the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the holder has his permanent residence upon farming land covered by him in the vicinity of the homesteaded, the requirements as to residence may be satisfied by evidence upon the land.

The monthly notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for grant.

W. W. Cory,
Deputy Minister of the Interior.

FOREIGNER SPEAKS.

OF STANISLAS ATTACK OF THE
DISTRICT LEDGER.

JOHN BULKO FIRST

To stand Up and Fight For His Country.

Calman, Alta., Sept. 21st, 1909.
Editor of The Frank Paper.

Dear Sir—
In the last issue of the District Ledger, the unbelly editor of that miserable sheet has made an attack on the foreign speaking people as a whole and especially the Slavs and Italians. It is all in his reference to the Canadian Union and he puts forth his best efforts to insult us as a people for joining the Canadian Union. We have good reasons for joining a new union and all the vapors and slander and attack of the District Ledger will only stir fuel on the flames of discontent which is found in every camp in this district. The Ledger attacks John Bulko on the strength of reports brought to Fernie by wandering Socialist tramps who are forever trying to secure positions as organizers in District 18, and if they can't find a story on some one who don't agree with the thriving and flourishing policy of the Socialist bunch, he stands a very good chance.

John Bulko was the first foreigner to stand up and fight for his countrymen and others in Fernie years before Stanley left the backwoods of Ontario. Now that he is filling the position of Editor and keeping a good honest and fearless man out of a job, he thinks that the only way to make himself solid with the Socialist bunch is to insult everything and everybody in sight.

The Italians and Slavs, Mr. Editor of the District Ledger, are all good union men and are the majority of the miners of District 18 and have conducted themselves as good union men at home and abroad.

Who was it that scabbed the great German Longshoremen's strike five years ago? Who was it that scabbed the P-inter's strike in Winnipeg two years ago? Who was it that made an attempt to scab the Swedish Longshoremen's strike three months ago? It was not the Slavs nor Italians that you try to insult, but "Bulko's lot." I could go on and point out to you scores of cases where your great international union men have helped if it was necessary. We have left the U. M. W. of A. for the simple reason that the funds of our Union were taken away from us by the Socialist Party and we would not object so strongly if their aim was to better our condition, but on the contrary, we are positive that it is a policy of robbery and theft and we refuse to pay our hard earned money to keep tramps running around District 18 preaching discontent and anarchy.

We have lately got back to work after being on strike nearly three months and what support did we get? The fact is, our money was taken by a bunch of Socialist tramps and when our children began to want, there was not a dollar to give them food with. We will not tolerate such deception any longer regardless of what the cheap Editor of the District Ledger says or thinks.

The Slavs and Italians can organize and run unions as well as Canadians or Americans and will do so. We recognize the fact that all work men should be in one union and we also want the individual who belongs to any union to have and exercise his own opinion.

The Editor of the Ledger who is posing as a Socialist shows his ignorance of the Socialist movement when he makes his feeble attack on the foreign membership of the U. M. W. of A. as the Canadian Union.

We have come into this country of recent years and the majority of us have taken out our citizenship papers

and intend to live in this country as true, honest and loyal Canadians and we object to any person insulting us when we are being continually taxed to pay his salary and keep a job for him.

We trust Mr. Editor of the Frank Paper, that you will give this letter space in your valuable paper so that the people who have been wronged and then they will understand what is bothering the people headed Editor of the Ledger.

Yours sincerely,
FOREIGNERS.

Col. Goods Under Sales Foreman

Frank, Sept. 20.—On Friday last Mike Winkle alias Mike Borden, went into the store of Harry Murphy and purchased \$24 worth of goods, boots, underclothing, etc., and signed an order on the C. O. Co. of Blairmore, claiming they owed him \$23. Later it was ascertained that he had never worked for the company. The goods were found at the Miner's Hotel and Mike was arrested for obtaining under false pretences. He was tried at the police court before Inspector Heider and pleaded guilty, on account of being drunk, he was sent to Macleod to stand trial.

Will Not Be Allowed

Saskatoon, Sept. 20.—Ten ladies of easy consciences from the southwest portion of the city were accommodated with free lodgings last night in the cells of the northwest mounted police. This morning the proprietress was fined \$25 and costs and the remaining nine inmates had to pay \$10 and costs before they were allowed to leave. A frequenter of the house was sentenced to three months in jail.

The police are determined to deal severely with these kind of people who come into the city.

NEW RAILWAY

LINE HAS BEEN LOCATED.
CALGARY TO HETVE

CONSTRUCTION PLANS

Contracts Will Be Let In a Few Days.
For Constructing Proposed Route of the Road—Plans of Construction

Edmonton, Sept. 26.—The Canadian Western railway has completed the location of the line from Calgary to Montana, and will let contracts for the construction within a few days.

The construction will be operated under three contracts one from Calgary southward from Pincher Creek, and one from Pincher south. This arrangement will facilitate rapid completion.

The Canadian Western railway will give Alberta direct connection with Butte, Mont., and will aid the province materially in handling immigration and imports, as well as tapping a new coal district hitherto untouched.

The line of this road from Calgary runs west for 20 miles, then almost due south to the Gap, passing between the Porcupine Hills and Livingston range.

In the latter are immense beds of coal that have never been opened up, and it is the intention of the owners of the road to develop them, and thereby furnish Alberta a new source of supply.

From the Gap the line continues to parallel the C.P.R., crossing the Crow's Nest branch between Cowley and Pincher City to Pincher Creek, and will give northern Alberta a direct line to the Brown's Nest coal fields.

From there it takes a southeasterly direction to the border on the other side of which it will connect with either the Great Northern or the C. M. & St. Paul railway and run to Helena—Morning Albion.

The men behind the company are A. O. Robertson, F. B. Lynch and T. E. Keniston, financiers from St. Paul, who already have extensive business interests in all parts of Western Canada.

ACTIVE WORK AT BURMIS

NEW RAILROAD WILL PROMPTLY
RECONSTRUCT THE ROUTE

The new railway line which has just been surveyed from Burntis to Carbon Hill and on to Morrissey, will soon be a completed work. The Company is rushing the construction supplies and material necessary for immediate construction of the road. There is no doubt but that it will make Carbon Hill and Burntis important centres, but more than that it will open up a magnificent stretch of country between Carbon Hill and Morrissey. The land in this section is rated first class and is also well timbered while coal fields are numerous.

The route of the railroad will be through the North Kootenay pass at the head waters of the Old Man River. The route is also a great saving in mileage from Burntis to Morrissey, as it avoids the heavy climb up the Crow's Nest and the loop at McGillivray. A great percentage of the thorough freight will be carried on this line.

BOARD OF LICENSE COMMISSIONERS MEET

The Board of License Commissioners met at 3 p. m. on Tuesday, at the Sanatorium Hotel. The question of a license for the Sanatorium Hotel was taken and it was finally decided to extend the license for another year. Those in attendance were, Geo. Whittaker, Pincher Creek, Inspector; Commissioners J. A. Robertson, Pincher Creek; Alex. Gayotte, Frank; and F. Pelletier, Pincher Creek.

A NEWSPAPER COMBINE.

As the Frank Paper very aptly puts it a Harrow-worm has struck the Pass. All the newspapers, existing there, have been acquired by the Foothills Printing Co., and three new papers are to be started. This concern has bought the Coleman Miner and the Frank Paper and established a new paper at Cowley, and will launch a weekly at Blairmore and a Slavonian weekly at Coleman. This is certainly the largest newspaper combine in the West.

The disappearance of Mark Drumm from journalism as a result of the sale of the Frank Paper, is not good news as Drumm was the type of a chap who would have wielded a pen. He said what he thought and always said it in an original and interesting way. He may not have followed the most popular course always but he certainly did take the road he considered best in the interests of the community he attempted to serve—Lethbridge Herald.

Quite a number of men have arrived in Frank the past few days seeking employment, a great many of whom have been laid off temporarily from Coleman.

Application for Lease of Road Allowance or Surveyed Highway.

Notice is hereby given that Alex. Borthwick, of Lundbreck, Alberta, has made application to the Minister of Public Works, Edmonton, for a lease of the following road allowance or surveyed highway, viz. that portion of road allowance between Secs. 10, and 11 T. P. 7, R. 2 West of M. 5, which is not used by the public for travel. Any protest against the granting of the above mentioned lease must be forwarded to the Minister of Public Works, Edmonton, within thirty days from date of this notice.

Dated at Lundbreck, Sept. 20, 1909.

Moral Reform

Almost five weeks ago the citizens of Frank and Blairmore in joint session passed a sweeping popular resolution against permitting houses of ill-fame to continue within the municipality of Blairmore. Since that time these houses have been left strictly alone by the authorities of the said municipality of Blairmore. There was a time when our elected representatives were the safeguard and executive of the popular wish. Do the representatives of the village represent the people of Blairmore or do they represent themselves? If they represent the people, then by all means follow their dictum, but if they do not, seek redress at the proper places, the polls.

The Attorney General, in this particular case, has no authority, other than to carry out the will of the council of the village of Blairmore. But can he not when he sees the law openly and flagrantly violated, step in and see that justice is meted out to a long-suffering village.

Editorial Notes.

We have these few questions to ask:

How many road overseers are there in the Pass?

Have they power to repair bridges, culverts and drains?

Did the people of the Pass ever call a meeting themselves to discuss the good roads proposition? If not, why not?

Does this constituency intend to disenfranchise itself four years from now?

The west end of Frank is building up quickly. Already many new lots are being placed on the market.

Some one has prophesied that Frank will have 6000 people in 1925.

A united town—Frank and Blairmore.

Mark Drumm is the Cincinnatus of the Pass. You may find him in the fields but he is always willing to assist his adopted town.

What will the principal of the school say when he finds two of his under studies fighting? Answer: Go upstairs and take your coats off.

Two Frank men met on the street. One had been to O'Brien & Haywood's Meeting on the Sunday before. All at once he started singing: Put away the little stockings, That our Charles used to wear They will never more require them. They have got to be frozen state. The other fellow walked on.

What the Prince Albert Board of Trade Resolved at a Recent Meeting

Whereas, the development and commercial prosperity of Western Canada are largely dependent upon the grain production and purchasing power of the prairie provinces of the west, and,

Whereas, the grain and cattle carrying capacity east of the head of Lake Superior is not keeping pace with the rapidly increasing production of wheat and other exports of the West, and,

Whereas, an amount equal to the entire cost of the Hudson Bay Railway is annually expended by the West on unnecessary freight charges consequent upon the present long haul to the Atlantic tidewater, thus reducing the purchasing power of

the West and the corresponding prosperity of the East, and, Whereas, explorers, navigators, engineers, contractors and others familiar with the Hudson Bay Route are practically unanimous as to the practicability of the route, the easy and rapid construction of the railway and the natural harbor facilities at Churchill.

Therefore be it resolved. That the Government of Canada be requested to get busy and build 15 miles of the Hudson Bay Railway in 1910, and the remainder of the road, 100 miles from each end of the line, 1911, and during 1910 and 1911 install the necessary terminal facilities, elevators, harbor improvements, etc., to be ready for the adequate handling of traffic not later than July 1st, 1912.

Another Railroad To The Coast

WOULD MEAN AWAKENING OF
HIS EXPANSION OF COUNTRY

OBSTACLES NOT GREAT

Most Powerful Obstacle Would Be The
Blacks of War.

For some time the business, agricultural and mining interests of Southern Alberta and Eastern British Columbia have been justly demanding that a railroad be constructed through the Hope mountains to the coast. The need for such a railroad is plainly seen and felt by the whole of the south western country, where it is known that trade and commerce is lost, broken up and diverted into channels that are not natural or conducive to the best interests of this section of the country.

A railroad through the Hope mountains, whether built by the C. P. R. or Great Northern, and we would rather see the C. P. R., would convert this country into a trade-mart. Industries would be given an impetus that hitherto were not in the embryonic state. Towns would increase in population and commercial activity that would remain stagnant under their present industrial development. A coast railroad would mean the awakening of an expanse of country one thousand miles in length and three hundred in breadth.

The obstacles to the construction are not so great as to baffle the brains of any engineer. The most powerful obstacle is the "sins of war." But a company as strong as the Canadian Pacific need not fear the temporary loss of money invested as the time of construction will be short and the return sure. The whole scheme requires some push. The country is here, the resources are here and the opportunity is here. Build the railroad.

Frank News in Brief

The Sanitarium Hotel has had its license extended over another year.

W. J. Bartlett, of the Cowley Chronicle, was in town during the week.

A moving picture show was given by the Winfield Dutton Co. on Wednesday night in the Union Hall.

Dominion Avenue is again getting a scrape. The money expended on scraping and repaving could be all saved if about three hundred yards were laid with asphalt. The cost is not excessive and the result is a better street, with a lessened cost for its upkeep.

Mr. Burrows, who has been doing the Pass as a prize fighter, when returning from Coleman with his wife to Frank, Friday night, met with an accident, his rig striking a hole and they were both pitched out. They are both under the care of a doctor.

A. S. Farquharson, of Fernie, is staying at the Frank Hotel. Mr. Farquharson has over 40 square miles of timber limits at Morrissey and is shipping large quantities of lumber to the International Coal & Coke Co.

Last Friday a very pleasant social evening was given at Bellevue by the Methodist Ladies Aid Society, in honor of the return of Mrs. Charles Emerson from a trip to the home land. A splendid programme was given to which the Bellevue Orchestra contributed and refreshments were served.

The Cowley Chronicle is the latest addition to the newspaper family in Alberta. It is a matter of some comment that the newspaper family has just about doubled in Alberta in the last six months. There are very few towns in Alberta which do not have a newspaper. That is essential as the name of the town. The Cowley paper is as bright as any of the latest additions, a credit to the town, and promises well.—Albertan.

Mark Drumm is on the sick list this week.

The Union Hotel has been treated to a coat of paint.

S. J. Watson is on the sick list with blood poisoning in his hand.

Mr. and Mrs. Durand and E. Barcany, of Red Deer, are visiting in Frank.

Mr. and Mrs. Wm. Hunt, of Porcupine Hills, came to Frank this week to consult Dr. Macdonald.

H. Murphy, prominent dry goods merchant, has left with his wife for the coast on a three week's holiday trip.

J. J. Floutot, managing director of the West Canadian Collieries, left on Tuesday for France.

A moving picture show held a fairly sized audience spellbound for two hours on Tuesday evening.

G. A. Jackson, of South Fork, came in on Wednesday. Mr. Jackson reports that Carbon Hill is busy and will be quite a centre when the railroad is completed.

Dr. Macdonald was called to Pincher Creek on Tuesday to attend Mrs. (Dr.) Mills. Mrs. Mills is not expected to live but there are still hopes for her recovery.

Several Blaimore runners are training hard for the great Marathon in Coleman on Thanksgiving Day. They claim to be able to carry off all the cups.

The first coal mined in Massachusetts in many years was the 50 tons of lignite taken out of Martha's Vineyard last year and used locally in the manufacture of clay products.

There were 1250 men killed and 2199 injured in the coal mines of Pennsylvania last year as compared with 1314 killed and 2576 injured the previous year.

Quite a number went up to the Firemen's Ball in Coleman. They report that they enjoyed themselves thoroughly and that the ball was the best ever held in the Pass.

Mark Drumm, the editor, proprietor and funder of the Frank Paper, has sold out his newspaper property. Mr. Drumm was an able newspaper man, and the Frank Paper is a very interesting and original paper. The goddess of fortune, however, has been kind to Mr. Drumm, and he is so busy making real money that he had no time to spend on his newspaper.—Albertan.

Saturday the C.P.R. ran a special train from Hillcrest to Michel to

carry the Frank football team and the citizens, (two cars were well filled) to play the Michel team. Although the Frank team has won nearly all the games this season in the Pass, Michel beat them two to one.

On the eve of Mrs. R.
